

# CERTIFIED IN GOVERNANCE OF ENTERPRISE IT PREPATORY COURSE

## TRAINING DATASHEET

As technology has become more and more vital to the achievement of business goals and value delivery, enterprise leaders have realized that enterprise governance must be extended to information technology and information systems. Successful enterprises now accept that it is critical to align IT projects, assets and processes with their business strategies and business goals.

As a key component of overall enterprise governance, IT governance has emerged as a mission-critical issue for small and large business enterprises worldwide. In order to support the growing demand from business and to promote good IT governance practices, ISACA® created the first and only designation to recognize skilled IT governance professionals—the Certified in the Governance of Enterprise IT® (CGEIT®) certification.

## COURSE SYNOPSIS

The CGEIT Examination Preparatory Course is an intensive, four-day review program to prepare individuals who are planning to sit for the Certified in the Governance of Enterprise IT (CGEIT) exam.

The course focuses on the key points covered in the CGEIT Review Manual 8th Edition and includes class lectures, group discussions/activities, exam practice and answer debriefs. The course is intended for individuals with familiarity with and experience in the governance of enterprise IT.

## DURATION

4 Days Instructor Led Classroom Training

## COURSE OBJECTIVES

Participants in the CGEIT Exam Preparation course will be provided instruction designed to provide the following:

- ▲ An understanding of the format and structure of the CGEIT certification exam.
- ▲ Knowledge of the various topics and technical areas covered by the exam.
- ▲ Practice with specific strategies, tips and techniques for taking and passing the exam
- ▲ Opportunities to execute practice questions with debriefs of answers

## WHO SHOULD ATTEND

Individuals who are seeking the credibility to discuss critical issues around governance and strategic alignment based on recognized skills, knowledge and business experience.

## OUTLINE
