### **Who Should Attend**

If you already use agile practices or your organization is adopting agile methods, earning the PMI Agile Certified Practitioner (PMI-ACP)® certification will demonstrate your knowledge of and commitment to this rapidly growing approach to project management.

PMO leaders, traditional Project Managers working with agile developers and Project Managers looking for more successful ways for projects planning and execution and people implementing Agile in Waterfall environment.

Project team members who are inspired to gain the knowledge of how the Agile methodologies could assist them in their everyday works.

### **Pre-Requisites**

For delegates seeking to sit for the PMI-ACP exam, this course will provide you the required 21 contact hours of formal Agile Project Management Training required by

PMI.

Delegates are also required to submit their 2,000 hours general project management experience and 1,500 agile project experience via PMI website [www.pmi.org](http://www.pmi.org).

Our instructor will provide comprehensive guidance during the class for this process. For details, please refer to the PMI-ACP Credential Handbook at [www.pmi.org](http://www.pmi.org) or contact us.

### **Certification**

The PMP examination is a multiple choice, closed-book format exam, conducted using computer-based testing (CBT). There are 120 questions and candidates have 3 hours to complete the exam.

21 Contacts Hours for Agile Practices and 21 PDU for PMP will be available upon completion of the course.
